

FAIRWAY GOLF CLUB

The First AI-Powered Golf Improvement Club

Investor Pitch | July 2026

THE PROBLEM

Golf simulators are everywhere. Golf improvement is nowhere.

Existing indoor golf businesses are:

Dark, dingy rental spaces

No ambiance, no community, no reason to come back

Zero personalization

Every visit starts from scratch — no data, no continuity

Entertainment-only

Fun once, but doesn't make you a better golfer

No technology moat

Anyone can buy a simulator; nobody's building the software layer

THE SOLUTION

Every visit makes you a better golfer.

Golfer360 Profile

AI-powered digital profile captures every shot, every session. Your progress is tracked and visualized.
